Census Enumerators Report Sierra Madreans Give Fine Co-operation

Armed with large black portfolios, three Sierra Madreans are calling on every house in the city to make the decennial check of the population. Since Sierra Madre has been divided into three parts, north, central and south, each enumerator has been assigned a section. Donald Blanke is covering the section north of Grand Veiw avenue; L. E. Morgan, the central part, from Sierra Madre blvd. to Grand View avenue, and Mrs. A. E. Pulling, the southern section, from Sierra Madre blvd. to the southerly city limits. Enumerators are working out of headquarters at 1916 East Colorado street, Pasadena, with Leland J. Fogg of this city as squad supervisor in charge.

"The whole procedure is rather painless," said one enumerator, "and really just takes a few minutes. All answers are confidential and no information whatsoever is given out. Employees of the census are under oath to keep the statistics confidential. We are meeting with fine cooperation from the people of Sierra Madre."

The census takers were warned that they must not permit anyone to stand behind them and look over their shoulders while they are filling in the form. Under no circumstances must anyone have an opportunity to read information put down in the report for other homes, the enumerators were instructed.

"There would be no difficulty at all," an enumerator said, "if each person knew the number of weeks he worked in 1939, and the total wages earned. If everybody had that doped out it would take practically no time at all. Forty hours is equavilent to one week's work."

It will take perhaps three or four weeks, it was estimated, to complete the Sierra Madre census. In addition to the population count, enumerators must fill out a housing chart on every residence in the area this year.

World's Best Known Rotarian Here For Wistaria Fete

Crombie Allen, former editor and publisher of the Ontario Report, whose annual travels to far corners of the world carrying the message of the Rotarians, has gained for him the distinction of being "the world's best known Rotarian," was in Sierra Madre early this week to visit the Wistaria Vine Gardens and old friends. Following a short visit with Mr. and Mrs. F. L. C. Roess, Mr. Allen stopped at the News for a chat with L. R. Goshorn, the two being friends on rival newspapers in Pittsburgh many years ago.

Widow Of Civil War Veteran Dies Here In Her 97th Year

Funeral services for Mary E. Burson, who passed away yesterday at the home of her daughter, Mrs. Joseph Hayes, 355 North Auburn avenue, will be held at Mountain View Mausoleum at 2 o'clock this afternoon, with Dr. W. B. Heagerty officiating, and in charge of Grant Chapel.

Mrs. Burson was 97 years of age, and a Civil War widow. Her husband passed away many years ago. She ws born in Danville. Pa. and had lived in California 23 years.

She is survived by four daughters: Mrs. Hayes; Mrs. Vienna Edgar Mounts, Mrs. Bessie Cowhan, all of Sierra Madre; and Mrs. Estelle Epperly of Balboa; two sons: Charles Burson, Long View, Wash., and Edward B., of Kalamazoo, Mich.

Many Big Hollywood Names On Legion's Vodvil Program

Suprises galore are promised for the big American Legion show at the grammar school auditorium, Saturday evening, April 13. Pat West is gathering together a large number of celebrities and in addition to those already announced, has many surprises which he will disclose later.

"The Assasssin of Grief," is a number by Al Herman, great black face comedian, that promises to chase any might-be blues away.

March Rains Fall Short -- More Likely Soon Says Hersey

While storms were raging around Sierra Madre Sunday, and thunder crashed in the mountains, 1.14 inches of rain fell during the day, in heavy showers with hail mixed with the precipitation. Altogether, 1.80 inches fell during the week, with .04 inches on March 28, and .62 inches on April 1. According to Col. H. B. Hersey the March rainfall was under normal and he thinks that Sierra Madre may expect about two inches of rain this month.

Temperatures for the week were a little below normal, Col. Hersey said, with the lowest reading for the week on Sunday, when the thermometer dropped down to 60. Night temperatures went down to the middle 40's. Readings were:

	Max.	Min.	Rian
Mar. 28	66	52	.04
Mar. 29	65	52	
Mar. 30	73	51	
Mar. 31	60	52	1.14
Apr. 1	63	45	.62
Apr. 2	66	46	
Apr. 3	65	47	
Apr. 4	64		

Total rainfall for week, 1.80 inches; total for season, 24.12 inches; normal for season, 20.50 inches.

MEET A NEIGHBOR

By MIRIAM OSNESS

MEET "PAT" HARLAN ... Sierra Madre's lone (permanent) forest ranger ...Started looking like a movie scouts' find for the ranger part 36 years ago in Geyserville, California... Has enough brothers to join in a quartet...Attended various colleges off and on over an eight year period...Believes as a result that a boy should not start to college until he knows what he wants to do...Born C. Ellsworth Harlan was nicknamed "Pat" because he looks Irish...But isn't...Worked his way through college...Washing dishes... Slinging hash...Chauffering old ladies...Running a stationery story ... Worked in a post office...Parking cars...Joined a tanker crew to see the world...Got as far as Panama...Decided against the sea...Met a high school friend who was taking Forest Ranger examination...Decided he would too...Neglected to study...Passed high among those who failed... Determined then to be a ranger...Worked in construction and maintenance camps and as forest guard...Returned to University of California... Graduated in Forestry...Took the exam again ...Has been a rising ranger ever since...Came to the Sierra Madre post one and a half years ago...Likes it...Supervises around 100,000 acres...Is planning ski jumps and further recreational development... Wants the public to become acquainted with their playground...was recently publicized as "St. Francis" when he fed a deer that had been frightened down out of the mountains...Has been receiving fan mail ever since...Has a wife and two small sons who race through the house yelling "Hi, ho, Silver!" ...Only the sons...Must be in constant attendance during the fire season...Has a habit of scanning the hillsides for smoke everytime he looks outside... Names as his pet hate the guy who gets him out of bed or interrupts a meal...Can wiggle his ears and stand on his head ...Hasn't tried them simultaneously... Likes avocados and artichockes...Dislikes cereals and dancing...Enjoys detective stories... Rachmaninoff's Prelude and bridge...Likes blue but has to wear green...Pulls his fingernails when deeply engrossed...Enjoys "poking around" and talking to people...Calls it "slumming"...Comes from a musical family...Has a younger brother who is a radio singer...Likes to sing ballads himself...Wants to learn to fly...Says being a ranger takes a lot of intestinal fortitude...Is our idea of what a ranger should be...a swell guy...

Set Crowning Fete Queen For Sunday

Rained Out Ceremony Will Be Carried Through Now "Rain Or Shine"

Thunder showers swept down from the mountains to postpone the Wistaria Fete coronation ceremonies until next Sunday.

The sudden change in plans was made shortly before noon last Sunday when word was received from Pasadena that Hazel Hurst, the noted blind girl who is to be Sierra Madre's first Wistaria Queen, was sick in bed with laryngitis—and in no condition to participate in the outdoor festivities.

Day after tomorrow, however, the coronation will take place, "rain or shine," arrangements having been made to move the program into the indoor Wistaria salon in the unlikely event of unkind weather.

Miss Hurst, founder of the Hazel Hurst Foundation for the Blind and nationally known crusader for the welfare of the sightless, was forced to cancel a series of eastern lectures this week in order to be present in Sierra Madre on Sunday. She and her wonderful guide dog Babe, were guests of honor at the Southland press dinner at the Fete last Saturday evening, being warmly welcomed by Mrs. W. J. Lawless, and L. R. Goshorn, who acted as master of ceremonies.

The press affair was attended by such prominent California newspapermen and their wives as Mr. and Mrs. Ed Ainsworth, Mr. and Mrs. Lee Shippey and others. Lee Merriman, city editor of the Pasadena Post, and Pauline Turner Collier, County editor of the same paper, were introduced. Quay House, of the Alhambra Post Advocate, Ted Hurley, State photographer of the Los Angeles Times and Perley Poore Sheehan, were present, as were Harold Jones, publisher of the Temple City Times and his wife; Dorothy Sanborn, Examiner correspondent

Pasadena Boy Choir To Sing At Church Here On Sunday

Harry Lovejoy, son of Mr. and Mrs. G. R. Lovejoy, is the only Sierra Madre boy in the Pasadena Boy Choir, often called "The Vienna Boy Choir of America," which will sing at the Congregational church Sunday evening at 7:30 o'clock.

Between 50 and 60 boys, with unchanged voices, and ranging in age from 10 to 14 years, under the leadership of Dr. John Henry Lyons, music education director in Pasadena city schools, will comprise the choir to appear here. The singing of this unusual organization is distinctive for its beautiful tone quality, clarity of enunciation, part singing, finish and ensemble effects. In the 15 years history of the organization nearly 3,000 boys have been enrolled, with many alumni in Sierra Madre.

First Lady Makes Fine Impression On Mrs. Lee Shippey

Meeting and talking with Mrs. Franklin D. Roosevelt following her lecture at the Philharmonic auditorium in Los Angeles Monday evening was a thrilling experience for Mrs. Lee Shippey who attended the lecture with her husband. Mrs. Roosevelt is a real "grande dame," stately, magnetic and walks beautifully, Mrs. Shippey said. A capacity house heard her talk on cooperation. She was presented with flowers by three Camp Fire girls, one of them Shirley Temple. What especially impressed Mrs. Shippey was the fact that the president's wife had no police guards.

Valley Chambers Of Commerce Meet At Wistaria Fete

Asociated Chambers of Commerce members from the San Gabriel Valley took over Wistaria Vine Gardens Tuesday evening for their regular monthly meeting and enjoyed a delicious chicken dinner, splendid program, and exquisite setting under the famous old vine. Sierra Madre Chamber of Commerce was host.

William L. Burr, past president of the local Chamber, and a director of the San Gabriel Valley Associated chambers, presided, and Harry Lange, president of the Sierra Madre Chamber welcomed the visitors.

Boy Scouts Receive Awards In Home Court Of Honor

Merit badges, and first and second class awards were presented to seven Sierra Madre Boy Scouts at a Court of Honor held Monday evening at the Congregational church. Scouts from Troop 1, headed by Craig McLaughlin, Scoutmaster, and Richard Lees, assistant, who received honors were A. Capolungo, second class; Ralph John Capolungo, public health, athletics, handicraft merit badges; John Morgan, merit badges in handicraft, public health, personal health, reading; George Shipway, cooking; Louis Wax, cooking, safety.

From Troop 2, St. Ritas, with Joe Hinojos, scoutmaster, second class awards went to Joseph Mullender and Francis Yehle.

City's Youth Present A Fine Show

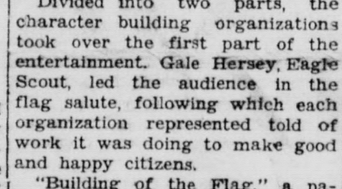

School Auditorium Packed When Americanism Program Is Staged

One hundred and twenty-five boys and girls—in uniform, with flags and colors of the organizations they represented, made an inspiring spectacle at the grammar school auditorum Friday evening, when an Americanization and good citizenship program was presented by the Sierra Madre youth activity committee. Khaki colored Boy Scout uniforms, with colored kerchiefs, green-gray uniformed Girl Scouts, blue and white garbed Camp Fire Girls, as well as their junior organization —Blue Birds, Friendly Indians, Cubs and Brownies added color to a program which was highly enjoyed by an audience that packed the house.

Divided into two parts, the character building organizations took over the first part of the entertainment. Gale Hersey, Eagle Scout, led the audience in the flag salute, following which each organization represented told of work it was doing to make good and happy citizens.

"Building of the Flag," a patriotic pageant, was designed to illustrate the ideals upon which America was founded, with the epilogue written by Mrs. Waverly E. Pratt, who was in charge of the program. The flag was built, stripe by stripe, on the stage, until it measured 12 feet across. Among the boys and girls taking leading parts were Joan Woeh'er, Goddess of Liberty; Gale Williams, Columbus; Donald Fairbanks, George Washington; Donald Eubank, trumpeter; David Smedley, drummer, and Floretta Keith, Joan Hinkley, Marilyn Albright, Goodrich and William Simmons.

The program concluded with the singing of "Star Spangled Banner" and "God Bless America." Clarence Huntsinger, chairman of the city's youth activity committee, opened the meeting, and Miss Hazel James Ferguson played the piano accompaniment for the pageant.

New Theatre Is Crowded At Opening

Rousing Welcome Given City's Playhouse By Enthusiastic Citizens

Searchlights flashed across a dark sky, gay neon lights gleamed in the marque, baskets of flowers surrounded the entrance, and Sierra Madreans packed their new Wistaria theatre so full that hardly another person could be squeezed into standing room in the foyer at the gala opening of the theatre last evening.

As early as 6 o'clock the crowd started arriving, and by the time the first picture was flashed on the screen there was not a seat available. Not only Sierra Madreans turned out for the biggest event in many moons, but people from Hollywood, Los Angeles, Monrovia, Pasadena and other cities came up for the occasion.

Cars were parked on both sides of the boulevard from Hermosa avenue way up Badlwin avenue and many strange faces were seen on the street — everybody headed for the new theatre. Comfortable seats and excellent acoustics added to the enjoyment of the evening and the pictures selected for the opening, "Swanee River," in technicolor, and "Shop Around the Corner," were just a sample of the splendid entertainment in store for Sierra Madre's theatregoers.

Formal dedication of the new moving picture house brought out city council members and their wives, officials of the Chamber of Commerce, heads of various organizations—all of whom congratulated Milton Weber highly for his addition to the city. On the stage with Mr. Weber were Harry Lange, president of the Sierra Madre Chamber of Commerce; Thomas M. Schwartz, councilman, who brought a dedicatory message from Mayor W. J. Schiltz, who was unable to be present; J. S. Slate, associate of Mr. Weber; and Dave Album of El Monte, designated to represent the mayor of that city.

Mr. Weber opened the ceremonies by thanking the city's businessmen, citizens, and city council for their cooperation and expressed the wish that "this house be dedicated to bring enjoyment and pleasure to every inhabitant of Sierra Madre and the San Gabriel valley."

"On behalf of the people of Sierra Madre and the city's officials, I formally accept the Wistaria theatre," was the closing note of Mayor Schiltz' proclamation, and Mr. Schwartz added his personal appreciation and best wishes.

Miss Ruth Seprut of Los Angeles led the audience in singing "God Bless America" and concluded the program with a group of songs. During the dedication Vivian Weber, daughter of Mr. and Mrs. Weber, and Dorothy Slate, passed trays of candies to the audience.

Today and tomorrow "Swanee River" and "Shop Around the Corner" will be the feature pictures, together with cartoon and shorts. Chapter one of a serial, "Phantom Creeps," will be shown at the children's matinee which begins at 1:30 o'clock Saturday afternoon.

Cocktail Bar Sold; Goes To Inglewood

Cocktail bar patrons have one less rail to rest their feet on now, with the closing this week of the bar in the Sierra Madre hotel. Saturday, Mrs. D. M. Preston sold her license and equipment to "Boots and Saddles," a night club in Inglewood. Early Sunday morning, the bar, equipment and everything else was trucked off. "Rolley" Ellison, who tended bar and was chef at the Red Room, went with the equipment, but Mrs. Preston is continuing her operation of the hotel coffee shop.

Shippey To Address Arts Guild Tonight

Ralph Tillema, 15-year old violinist from Pasadena, is the arist on this evening's Sierra Madre Arts Guild program at the A. J. Dewey studio. Ralph has been studying the violin just two years and in that time has made much progress. He is a Pasadena Junior College student, and studies violin with Miss Lalla Fagge. Lee Shippey, Sierra Madre author, will speak on "Union Now."

City's Rose Tourney Prize Presented; It's Two Prizes

Two prizes—a moving picture camera in a brown leather case, and a shiny silver inscribed tray —are Sierra Madre's booty in the Pasadena Tournament of Roses parade awards.

"The Land of the Free," an inspiring red, white and blue flowered float with Caryl Key as Miss Liberty, won second prize in the 4-A class on January 1, and as a result the camera and tray are the city's possessions. They are now at City Clerk Waverly Pratt's office at the city hall.

The 8 milimeter kodak, model 25, with anastigmat lens, is enclosed in an attractive leather case with a gold inscription which reads: "Pasadena Tournament of Roses Class A4, second prize, won by the City of Sierra Madre, New Years day, 1940.

The large silver tray, which is oblong shaped and decorated with roses at each end, carried an inscription: "Fifty-first annual Tournament of Roses, Pasadena, Calif. New Year's day, 1940. Class A-4 second prize, won by the City of Sierra Madre."

No immediate plans have been made for use of the prize awards.

Real Old Time Country Fair Here Tonight

PTA's Big Welfare Fund Event Will Have All The Trimmin's

Balloons will soar, barkers will shout— there will be a carnival atmosphere about the grammar school cafeteria this evening. Occasion is the Sierra Madre PTA's old fashioned country fair, and doors open at 7:30 o'clock. For many weeks committees have been putting in long hours to make the project a success—with proceeds going to its welfare fund.

All kinds of entertainment has been planned—a spelling bee, doll exhibit, model airplane exhibits, fortune teller, fun booth, movies, and needlework and home cooking—everything that a good old-fashioned fair has to offer, and there is no admission fee.

Mrs. A. K. Eitner, general chairman, was assisted by the following committees: Mrs. C. L. Young, needlework; Mrs. Ross Marshall, home cooking; Mrs. Richard Jenkins, fish pond; Mrs. W. H. Scoins, doll exhibit; Ernest Miller, model airplanes; fortune teller— guess who; Mrs. Gerald Smith, books; Mrs. H. G. Seifert, refreshments; S. E. McElfresh, fun booth; David Larsen, movies; Fred Krinke, Jr., puppets.

Mrs. E. E. Hitchcock, assisted by Joan Woehler, candy; Rodney Smythe, balloons, 12 campfire girls and five Friendly Indians, assisting; Miss Mary Pfahler, music; Mrs. F. MacKenzie, Miss V. Sydnor, dramatics; Miss A. Stryker, spelling bee; Paul Elmquist, barker; dance numbers, Sally O'Donnell, accompanied by Mrs. Mattie Inzerello, Pasadena; xylphone, Marilyn Scoville; Jean Askew, accordion; Mrs. Foster Bumpus, assisted by Arnold Brown, popcorn.

The splendid cooperation of grammar school teachers was deeply appreciated by Mrs. Eitner and her co-workers.

Contests For Offices Are Spirited

Deep Interest Aroused In City Campaign As Opening Of Polls Tuesday Nears

Spirited contests have developed for the four city positions to be filled by the voters at the municipal election to be held here next Tuesday. Deep interest has been aroused this week and a comparatively heavy vote is generally expected. The short campaign has been remarkably clean, with friends of the candidates making a house to house canvass.

The registration, somewhat over 2,700 is the largest in the city's history. The polls will be open from 6 a.m. until 7 p.m. For the purpose of this election the seven election districts have been so divided that there will be but four polling places: "A", the city hall, 55 West Sierra Madre blvd.; "B", municipal park house, Hermosa avenue and West Sierra Madre blvd.; "C", residence, 102 East Mira Monte avenue, and "D", Masonic temple, 33 East Sierra Madre blvd.

Friends of several of the candidates have volunteered the use of their automobiles for transportation of voters to and from the polls and strenuous effort will be made to get out the largest possible vote.

The positions to be filled are: city clerk, city treasurer, and two seats in the city council. The rival candidates for city clerk are the incumbent, Waverly E. Pratt, and Samuel L. Graham, city engineer.

The aspirants for city treasurer are Carlton J. Pegler, incumbent, and Edwin W. Ward, Jr., president of the school board. The three candidates for two conciliatic places are W. J. Schiltz and John Froehlich, incumbents, and Henry J. (Jack) Mitchell. All the candidates are for the full four year term.

Boy 'Lost' In Canyon Was Just Hiding

A tired, wet, hungry and weeping 7-year old boy for whom police had been searching in the canyon most of the night, was found by officers yesterday morning about 8 o'clock.

Herbert Gray of 731 Woodland drive, missing from his home since early afternoon, did not return home for dinner and his parents notified police, who expressed the belief that the boy had "holed up" in a warm place until daylight. This surmise was correct, for it was in a "hole" that four officers found him—behind the canyon store on Woodland drive—underneath the house.

The boy was too frightened to talk when found, and no reason for his disappearance was given.

Extra Charge Comes Off Hand Set Type 'Phones On July 1

President Ray L. Riley, of the California Railroad Commission announced yesterday that the 15-cent a month extra charge for the hand set type of telephone by California Water and Telephone Co., in Sierra Madre, will be eliminted after July 1.

"After that date those persons with a hand set telephone, which is sometimes referred to as the French type of telephone, will pay only the regular charge for service," said Mr. Riley. "The action will be effective in several other communities also served by the company.

Kiwanis Club Wins Award For Its Community Service Record

In recognition of its spendid service to the community and its work for underprivileged children, Sierra Madre Kiwanis club won third place in competition with 128 clubs in the district in the "white division" class, it was announced at Tuesday's meeting at Wistaria Vine Gardens. The rating was based on the club's 1939 achievement report.

Practical jokers in the club made use of the leeway April 1 allows and arranged a "backwards" luncheon, with the program first, and food second. The meal was served in keeping with the reverse idea, and dessert was No. 1 item on the menu, with the other courses also in reverse.

"Play Ball, America," was the title of a film shown at the meeting. Mr. McKay, a Wrigley Field representative, gave the history of baseball and the science connected with playing different positions. Carl Hasen was program chairman.

Loren Pratt, son of Mr. and Mrs. Waverly Pratt, was guest of honor. The PJC student has acted as official basketball coach for the Kiwanis club and instructed as many as 60 local boys at the Congregational church gym at one time, with the help of one or two Kiwanians, serving on the youth activities committee.

Frank Spencer will receive a trophy Tuesday evening at Pomona for walking off with first prize in the Kiwanis golf tournament held in February. He made the lowest net score with 12 clubs competing. About 40 Kiwanians and their wives plan to attend the Pomona meeting, which is "ladies night."

Mr. and Mrs. C. Brink of Bradford. Penna., and Mrs. Ida Brown of Los Angeles, were entertained at dinner Tuesday evening by Mr. and Mrs. Albert Wheeling at their home, 103 East Sierra Madre blvd.

Miss Genelle Paschall was entertained at Earl Carroll's in Hollywood Friday evening by Jim Nicholson and Mrs. A. Nicholson of Pasadena.

Mr. and Mrs. Harold I. Stitt were dinner hosts Saturday evening to Miss Vera Bailey and Mrs. Ada Emerson, old friends from Cleveland, who have spent the winter in Tuscon, Ariz., and were visiting for a short time in California before returning home.

Mrs. Arthur J. Folsom was entertained at dinner at the home of Mr. and Mrs. F. W. Miles, 298 W. Highland avenue Thursday evening, and accompanied by Mr. and Mrs. Miles, Miss Ruth Miles, Miss Elizabeth Doty and Mrs. J. L. Hopper visited a Hollywood studio to attend a broadcast.

A dinner party to celebrate the eighth birthday anniversary of her daughter Marilyn was given Monday evening by Mrs. Raymond C. Simpson at the family residence 633 W. Alegria avenue. A centerpiece of sweet peas carried out a colorful spring motif at the table where places were laid for Mrs. Charles Hamilton and son Buz; Valerie Valencia; the young honoree and the hostess.

Mrs. Jack Paschall attended the benefit bridge dessert and fashion show given at the Ambassador Hotel Wednesday by the Woman's Auxiliary of the California Babies Hospital as the guest of Mrs. Frank Williams, ways and means chairman.

Mrs. W. H. Scoins and Mrs. Jack Paschall attended the literary luncheon of Mrs. Lorita Baker Vallely at the Beverly Wilshire Hotel Monday.

STORK PAYS VISIT TO THE VAN OSDELS

Mrs. Wynn A. Van Osdel has returned from the hospital with her lovely new baby girl and is at home to her many friends at 46 West Grand View avenue.

Hail Queens Of Roses Under Blooming Wistaria Vine

A bon voyage tea honoring two past Queens of the Pasadena Tournament of Roses, Mrs. Treva Scott Tarr and Mrs. Muriel Cowan Moore, was given by members of the Mapha Club at Wistaria Vine Gardens Saturday afternoon. Mrs. Tarr has tentative plans to join her husband, Raymond Tarr in Honolulu and Mrs. Moore gave up her affiliation with the club to travel indefinitely with Mr. Moore. Each honoree was presented with a smart traveling kit. They were also honored by Jose Arias' Spanish troubadores who played several appropriate numbers for them. Miss Marian Daily presided at the attractively decorated tea table. Members of the club present were Mesdames Emmett Black, Frances Kampert, Eleanor Harper and Bettie Palmer, and the Misses Genelle Paschall, Cynthia Hull, Elizabeth Doty, Ruth Wheeing, Dorothy Walsworth and Catherine Johnson.

Among other Sierra Madreans entertaining at the Vine this week were Mr. and Mrs. William Lauren Rhoades, Mrs. Irving N. Adams of 506 West Grand View avenue, who arranged an attractive affair for board members of the Pasadena Woman's club, and Mrs. Edmund Locke of Santa Anita Oaks, who entertained three friends at luncheon Wednesday.

GENE KEEBLES HERE ON SURPRISE VISIT

Coming as a complete surprise to Alyce Anderson, of the Wistaria Vine Gardens, Mr. and Mrs. Eugene Charles Keables, her son and daughter-in-law, arrived from Denver during the weekend for a month's stay while Mr. Keables is recuperating from a major operation which he recently underwent at a Denver Hospital.

WINERY WILL SELL TO THE PUBLIC DIRECT

A complete line of all wines is carried at the recently opened Rosemead Winery, located at 365 South Rosemead blvd., in East Pasadena, owned and operated by Masi Brothers of Cucamonga. All wines are home made, it was announced, and sales are direct.

ROAST LAMB WITH ALL THE "FIXIN'S"

Sunday Can Be A Feast Day For Reducers

If you are one of the thousands of persons who are trying to shed excess poundage via the reducing diet route, the mention of a special Sunday dinner probably doesn't excite much interest. For to the average person following a strict reducing program, such a meal means just another special feast day for "the other fellow," when you must sit by and watch him enjoy the proverbial roast leg of lamb with all the "fixin's."

But listen to this! This business of being a martyr gastronomically is out of date, when it comes to reducing. Science has found that the person seeking to reduce can and should eat well, not only on Sunday but on every other day in the year. Research work at Rush Medical College in Chicago has proved conclusively that excellent results can be obtained by the use of a liberal well-balanced diet. In this study the meals prescribed to a large group of patients of varying ages were high in protien, and included meat, bread, butter, vegetables, salad, fruit, eggs and coffee or tea.

So don't despair. The delicious roast leg of lamb and most of the "fixin's" can be yours, without the slightest twinge of conscience, if you will only abide by a few simple rules.

Following is a menu for a suggested dinner for the family, from which the person who is reducing may select his diet:

Consomme
Roast Leg of Lamb
Parslied New Potatoes
Carrots Souffle
Nests filled with New Peas
Fresh Vegetable Salad
French Dressing
Rolls Butter
Angel Food Cake
with Crushed Strawberries
Coffee

* * *

From this menu an overweight person whose weight should be from 135 to 145 pounds may have the following:

Consomme	As desired
Roast Lamb (lean)	7 oz.
Carrot Souffle and Peas	3½ oz.
Salad (little dressing)	3½ oz.
Roll	1 oz.
Butter	1-6 oz.
Strawberries	3½ oz.
Coffee (black)	As desired

THANKS FOR YOUTH

To the Editor of the
Sierra Madre News:

On behalf of the children and leaders of the various character-building groups of Sierra Madre, and also on behalf of the Youth Activity Committee, I wish to extend our sincere thanks and appreciation for the fine publicity THE NEWS gave the Americanization program held in the school auditorium last Friday. Your publicity did much to give the young people a splendid audience, and such a fine attendance and the interest shown has given to the youth of our city a new impetus to be even better Girl and Boy Scouts, Blue Birds and Camp Fire Girls, Friendly Indians, Cubs and Brownies. In these character-building organization wise emphasis is placed on the real values of life and fine young people like these are the most important, the most worth-while and the best possible present and potential assets a community could ever have!

May we make every effort to inculcate in the lives of children and youth by example, as well as by precept, the principles and nobleness of dependability, perseverance, loyalty, integrity, balance, reverence and thoughtful service for others. May we help each child and youth to live well his part in life's drama and to contribute his best towards the happiness, betterment and advancement of the home, school, community, nation and world.

Thank you again for your help,

LOVETTA PRATT
(Mrs. Waverly E. Pratt)
Secretary, Youth Activity Committee

CALLING IN ALL OLD DRIVER'S LICENSES

California motorists holding "good until revoked" drivers' licenses issued in 1927 are urged to apply now for the new type photographic licenses in order to avoid long delays later, it was announced by the Department of Motor Vehicles.

With more than 250,000 to be renewed within a few months it is essential that applicants present themselves as soon as possible, the department advised.

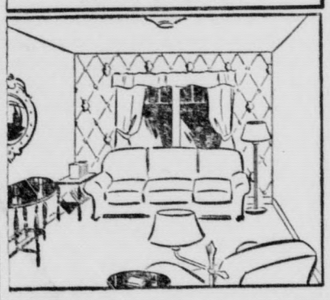

Revocation of all old licenses is a safety measure, it was said, giving the state a chance to check on the physical condition of those who have been driving many years without any check having been made.

MOTHER INJURED AT DAUGHTER'S PARTY

Mrs. Harold Roberts, who returned two weeks ago from a prolonged period of treatment at Sawtelle, will be confined to her home for several weeks with a broken left ankle which she sustained when she fell at a Pasadena roller skating rink Monday evening. To celebrate the tenth birthday of her daughter Marvel, Mrs. Roberts had entertained a group of young friends at dinner and later took them to Pasadena for a skating party in which she joined them.

YOUR HOME AND MINE

BY ANNE WILSON

Making a small room appear larger is a problem that many women have in their homes. There are a number of ways this result may be achieved. Suppose the room is a living room that not only is small but also has awkward long and narrow proportions. Shift the davenport to a narrow end. This will give the impression of pushing the walls back.

Place an attractive mirror on the long side of the room so that its reflection makes the room seem wider. If it reflects on the opposite wall a picture with depth of perspective, the effect is doubled. A mirror with a convex surface is excellent for seemingly enlarging a room.

Use as little furniture as possible. Arrange it close to the walls, leaving the center of the room free. Have few pictures on the walls. Create the illusion of space.

Painting or papering the room in a light color makes it seem larger. Paper the long walls in a plain light color and the narrow walls in a light figure. The contrast makes the room seem wider.

Clever use of lighting makes the room appear larger at night. If the room has a ceiling fixture hanging down into the room, replace it with a simple indirect one fitting close against the ceiling. Place a floor or table lamp in a furniture grouping at each corner of the room. This draws attention to all parts of the room, accenting its size. Use large size bulbs to give an abundance of light that makes the room seem gay and alive.

Entered as Second Class Matter at the post office at Sierra Madre, California, under the Act of March 3, 1879. Official paper of the City of Sierra Madre.

Let us serve instead of rule, knock instead of push at the door of human hearts, and allow to each and every one the same rights and privileges that we claim for ourselves.
—Mary Baker Eddy.

A GOOD IDEA

Monterey has hit upon a unique but effective method of ridding itself of unsightly houses and other buildings that many California communities, including Sierra Madre, might try to their advantage. Each month, Monterey "elects" a "shack of the month." The "winner" is always the dwelling or buidling decided by a majority vote, as the most unsightly, undesirable structure in the city. Result of the "contest" is widely publicized, together with the "place" or second choice and the "show," or third choice.

Officials in Monterey are loud in their praises of the good sportsmanship of their citizens. Operation of the plan, they say, has not only the effect of ridding the community of the "winner," each month, but very often the "place" and "show" houses also come down. So that, instead of merely destroying one eye sore a month, very often two disappear —and sometimes all three.

A year's operation of the plan in Sierra Madre, if only partly as successful as it has proved to be in Monterey, would help Sierra Madre wonderfully.

LET'S GO TO IT

Wtih incoming tourist tides already rising, it's only a question of weeks until it reaches full peak.

In less than two months the San Francisco World's Fair will unfurl its banners on Treasure Island to usher in its second year.

Throughout the State, California will again be serving up to millions of recreation-seekers the unparalled fare of its outdoor wonderland.

From Spring till late Fall, a procession of county fairs, rodeos, fiestas, historical pageants, roundups and regattas, extending from the Mexican border to the Siskiyous, will be disclosing to vacationers the spirit, color, and resources of the living West and its glamorous past.

But this isn't all of California which will be on view to our great host of out-of-state guests. Don't think these visitors won't observe our cities, homes, and yards! Wherefore we say, let's clean up now! Let's tackle with plenty of elbow grease those Spring-cleaning chores of sprucing up yards, removing unsightly rubbish heaps from backlots, and making our homes and community as ship-shape and attractive as possible.

Let's show our millions of visitors the brighter face of California.

FATEFUL DECISION

In a silence tense with the awareness that a fateful decision impended, Congress heard Woodrow Wilson utter these words just 23 years ago:

"Our object... is to vindicate the principles of peace and justice in the life of the world...It is a fearful thing to lead this great peaceful people into a war. But the right is more precious than peace, and we shall fight.." On that day, April 6, 1917, America declared war.

This week America observes the anniversary of that momentous occasion with mixed feelings. But more clearly than on that sunlit Spring day, the nation can see what forces and factors led it to take up arms for "principles of justice." In all sincerity, America fought to make the world safe for democracy. But it also took up arms to defend one of its great traditional rights— the freedom of the seas which submarine warfare had directly challenged. Seeking to escape future involvement the United States, through its neutrality laws, has since voluntarily relinquished that right for which she had fought more than one war in the last 150 years.

In so doing, the nation has aided its chances of remaining at peace by severing itself from one right for which she will NOT fight. But other problems remain which must be honestly, realistically faced. Chief of them is whether a defeat for Britain and France would seriously threaten the military and internal security of the United States. A few will say we must aid them with men before any such defeat becomes likely.

But the majority will hold the view of Henry Clay, who, on being urged to aid the cause of liberty in central Europe nearly a century ago, replied, "Far better is it for ourselves, and for the cause of liberty, that, adhering to our wise pacific system and avoiding the distant wars of Europe, we should keep our lamp burning brightly on this Western shore than to hazard its extinction amid the ruins of fallen or falling republics in Europe."

BUSINESS OF LIFE

We can only have the highest happiness by having wide thoughts and much feeling for the rest of the world.
—*George Eliot.*

Teach us delight in simple things
And mirth that has no bitter springs;
Forgiveness free of evil done,
And love to all men 'neath the sun.
—*Rudyard Kipling.*

Let us see to it that our lives, like jewels of great price, be noteworthy not because of their width, but because of their weight.
—*Seneca.*

Our grand business in life is not to see what lies dimly at a distance, but to do what lies clearly at hand.
—*Carlyle.*

To cultivate kindness is a valuable part of the business of life.
—*Samuel Johnson.*

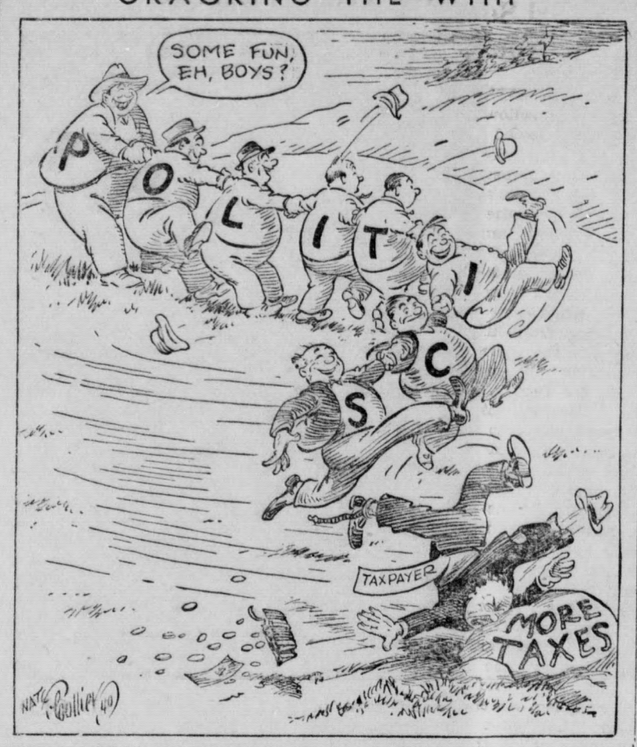

STATE PICNICS

All whoever lived in Missouri and long for the sight of a familiar face from the old home town should plan to attend the annual Spring reunion of Missourians, all day, Sunday, April 7 in Sycamore Grove. Each county and the leading cities will have individual registers.

The annual spring picnic for New York, Oregon and Washington will be held all day, Saturday, April 13, in Sycamore Grove Park. Each state will have its separate section in the park and will open county registers.

Mr. an Mrs. Scott Haselton of Altadena enjoyed a weekend desert outing near Palm Springs with Mrs. Haselton's father, Claude E. Allen, of 61 Bonita avenue.

CRACKING THE WHIP

LIEBRAL ASSEMBLY LEADERS DISCOVER COMMUNISTS ARE WELL ROOTED HERE

By RALPH H. TAYLOR
(Executive Secretary, Agricultural Council of California)

THERE has been a disposition in former days on the part of many good citizens, unfamiliar with the devious operations and amazing ramifications of the Communist Party, to meet reports of radical infiltration in California with a deprecatory smile, or an impatient reference to "red-baiting."

But that attitude of good natured indifference, or smug complacence, is rapidly giving way to amazed acceptance of the fact that "It has happened here!"

Communist-controlled pressure gangs, during the last few weeks, have forgotten caution and stepped out into the open, defying Assembly investigating committees, staging noisy mob demonstrations against legislators, county boards of supervisors and other public officials—and bitterly fighting every effort to break their hold on the administration of relief.

The committee headed by Assemblyman Sam Yorty of Los Angeles, investigating subversive activities in relief, certainly can not be construed as a reactionary, red-baiting committee. Mr. Yorty is known in the Legislature as an ultra-liberal, a New Deal Democrat and a vigorous champion of labor. Assemblyman Jack Tenney, who, next to Mr. Yorty, is one of the most active members of the committee, is a Los Angeles labor leaer—also a New Deal Democrat.

With that index to the character of the men on the committee, the following statement, issued by the commitee, after its recent hearing in Alameda County, should be given careful consideration by every thoughtful citizen:

"The evidence in Alameda County corroborates that adduced in Los Angeles (at previous hearings), tending to establish the fact that the CIO union, to which the relief administration staff belongs (the State, County, and Municipal Workers of America) is nothing more than a Communist-controlled political pressure group.

"The defiant attitude of the employees of the union toward the committee and their refusal to answer questions relative to Communist activities contrasted very sharply with the attitude of non-union members who were willing to frankly discuss the deplorable state of affairs in the relief administration.

"Non-union members of the staff are intimidated, terrorized and are discriminated against during periods when workers are discharged. The committee has been amazed at the extent to which the Communists have succeeded in dominating the relief administration. The open circulation of Communist propaganda bulletins and newspapers in the SRA offices is certain to shock any citizen interested in maintaining the American form of government."

The Yorty investigating committee warned that the Communists, supported with funds from Russia, are definitely seeking control of relief in California so that they can incite relief recipients to acts of violence against American government.

And the committee definitely named both the Workers Alliance and Labor's Non-Partisan League as Communist "front" organizations, controlled and directed by red agents. In the same category, it reported, was the CIO union known as the State, County and Municipal Workers of America. This latter group is an organization of relief clients, supported by "dues" exacted for the needy and unfortunate. Persons who failed to join the Workers Alliance, it was testified, found it difficult, if not impossible, to get relief, as Communist-controlled relief administrators (belonging to the Communist organization of relief employees) gave first and most generous consideration to Workers Alliance members.

That condition, in this writer's opinion, should make any real American's blood boil. When relief funds, paid by California taxpayers, are controlled by Communists and doled out to Communists, while loyal Americans among the needy go hungry. "It has happened here"—with a vengence!

F. A. PARKER GOING TO THE ORIENT AGAIN

F. A. Parker of 397 North Baldwin avenue, who with his family returned last October from the Orient where he has spent many years in China and Japan in the employ of the Standard Vacuum Oil company, will sail Sunday on the President Coolidge for Japan. Mrs. Parker and the children will remain here until summer.

SUPPORT OF 4-H CLUBS BRINGS REWARD

In recognition of her work for the 4H clubs in the San Gabriel Valley, Mrs. Waverly E. Pratt was surprised at a party Wednesday evening at her home. Jim Miller, supervisor of 4H work at the University of California, and other members of the leaders council, as well as 4-H club people from valley cities, attended the party. Mrs. Pratt was presented with ag ift from the group.

WOMEN NOT HURT WHEN THEIR CARS COLLIDE

A collision at the corner of West Sierra Madre blvd. and Monterey lane late Thursday afternoon damaged cars driven by Mary Jane Davey, 84 Monterey lane, and Genelle Paschall, 310 East Highland avenue, but neither of the drivers was injured.

TOTAL ____

Gold, by the hundreds of millions of dollars, continues to pour into the United States from worried nations abroad. Last week imports reached their highest total in three months when the value of the precious metal soared beyond the $100 million mark. From Sweden, Switzerland, Canada, the United Kingdom, the Union of South Africa, a stream of golden bullion from around the world is being hurried, for safety, toward American shores. Already the United States holds a great share of the world's total. How will it all end? This is what worries the economists. For the great flow of gold into our coffers, in addition to the huge sums already here, recalls to their minds what happens at a poker game when one player has won all the chips— the others may decide to use matches. In the international arena this would leave Uncle Sam with huge vaults of idle, unproductive bullion on his hands unless, like the winning player, he lends out some of his chips so the game can continue.

It takes 70,000 more Federal employes to run the government today than at the nation's peak of employment, during the World War... The average employe spends more for gasoline than he does for clothing, according to a recent report...Average age of World War veteran is 47 years. About a million and a third of them are still under 45, more than 60,000 over 60 and 21,000 over 65...

The decision of the Administration and the War department to permit export of current production models of Army and Navy airplanes is good news for California and the nation. The fact that the country's plant capacity for building airplanes and engines has tripled during the past year is due, to an important degree, to th large orders from abroad. Needless to say, such expansion has contributed greatly to America's own military security. Since the current model planes will be put to rigorous tests under actual warfare by Britain and France, information on the kind of performance they give will help this country devise new and improved models without, speaking frankly, having to submit them to such a grim test ourselves. And wisely, the new policy forbids exporting any secret military equipment used on American fighting planes.

To prove that young people have done big things a reader supplies us with a list of people who achieved a place in history and died before they were 40: Alexander the Great, 33; Gustavus Adolphus, 38; Raphael, 37; Schubert, 31; Joan of Arc, 19; Charles XII of Sweden, 36; Mozart, 35; Keats, 26; Catullus, 33; Cleopatra, 39; Shelley, 30; Nell Gwyn, 37; Anne Boleyn, 29; Pocahontas, 22; Francis Villon, 32; Robespierre, 36; and Nero, 31.

What comes out of an oil well? Oil is the obvious answer, but according to the Department of Commerce, the number and variety of marketable products are practically endless. One company which operates four refineries gets approximately 450 different products out of crude oil. Among them are 26 types of gasolines, 30 different solvents, five grades of diesel oil, 15 grades of fuel oil, 35 types of oxidized asphalts, 15 industrial oils, 40 types of highway asphalts, 80 greases, 25 home and automotive specialties, and 135 different lubricating oils.

Presidental aspirants, desperately seeking to fatten their campaign funds, will appreciate the optimism of the new clause written into the Hatch (No Politics) bill the other day. It forbids national committees of political parties to spend more than $3 million in any one campaign. All they have to worry about now is getting the $3 million.

The recently-released National Resources committee volume, "Consumer Expenditures in the United States," reveals some interesting figures on the distribution of American families by income groups. The income groups and percentage of United States families in each are:

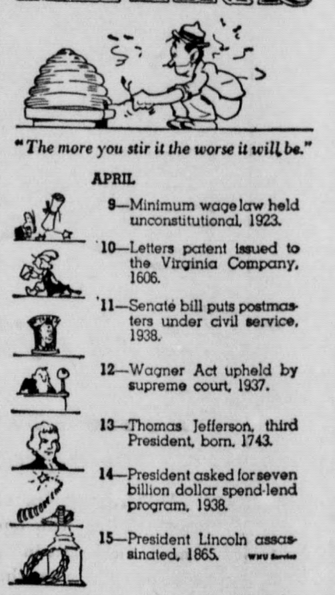

Income Group	*Percent*
A—$5,000 and over	2.7
B—$3,000-$4,999	5.4
C—$3,000-$2,999	12.9
D—$1,000-$1,999	37.3
E—Under $1,000	41.7

A recent innovation of Parisian divorcees is the divorce ring. A circlet of platinum worn on the little finger of the right hand so that all the world will know that they are in circulation once more. Must have originated in the fertile brain of some jewelry salesman. Most divorcees, if they were looking for new worlds to conquer, would merely dispense with their wedding ring—that is, if they are of the economical type.

The Ocean Highway extending north and south along the Atlantic coast from New York to Florida does not run through a large city in its entire 1000-mile length. Because it avoids great traffic centers, the highway enables the motorist to make better time with greater safety. Combining various U. S. number routes, it saves the autoist the irritations and dangers ofdriving through congested areas, delays of traffic lights, and the fatigue resulting from nervous strain in driving through heavy traffic.

Television, which has been coming round the corner for some time, will have to bide its time a while longer. In a decision which left many members of the industry perplexed and amazed, the Federal Communications Commission suspended authorization for limited commercial sponsorship of television. It stated that such authorization might "freeze" transmission standards and receiving sets at their present level and make further improvement unlikely.

Miss Frederika Lenk of Long Beach arrived Wednesday for a few dasy visit with Mrs. Anna L. Whitehead at her home, 179 Merrill avenue. This is an annual visit for Miss Lenk who each year spends a few days with Miss Whitehead during the Wistaria Fete, which they enjoy together.

Spending the weekend in Sierra Madre with the G. R. Lovejoys before sailing for Hawaii, Howard Fousie, Ralph T. Van Vleet and Morris Wright enjoyed horseback riding and the Wistaria Fete. The boys will engage i war maneuvers and probably will not return for 12 to 18 months.

To Our Fellow Citizens:

By affixing our signatures to his nominating petition we have invited and now urge the election of

Samuel Lowry Graham

as

City Clerk

- **He is earnest, honest, efficient.**
- **He has an intimate knowledge of the city's background and a keen insight into its needs and possibilities.**
- **His technical training equips him to be of inestimable value in helping to solve Sierra Madre's fire, water and other complex problems by reason of its proximity to the Angelus forest and its location on the mountain watershed.**
- **In his long association with the city's government, he has become intimately acquainted with all its affairs and is capable in every respect of filling the position to which he aspires creditably to himself and to the benefit of his fellow townsmen.**

Friends and supporters of Mr. Graham should not be misled by rumors about any contemplated change in the subordinates under his control after the election.

What A Girl Sees Ramblin' 'Round

THE precocious yellow duck... which followed Jeweler Greger around like a little puppy...is having himself a time at Long Beach...For about two weeks...ever since the carnival ...the little fellow amused the Kersting Court crowd with his activities... which included gobbling the flies Mr. Greger (and some of his neighbors) killed for him...Walking from the jewelry store around the corner to a shop on Baldwin avenue was a daily event for Peter... or Susie ...duck ...He and Mr. Greger made several stops to show the citizens how clever a duck can be...When walking was too slow ...Mr. Greger picked him up and tucked him under his coat..But now he has departed from Sierra Madre... and according to late reports...is doing fine...enjoying the Pacific Ocean...

The show must go on...and on it went...even though "George Washington" fainted and fell over on the stage at the grammar school auditorium Friday evening ...during the Americanization program...The "first president" bumped his nose on the stage... but there were no serious injuries...

Clever "country fair" posters.. displayed in most of the business houses...were made by grammar school students...under the direction of Miss Florence Lusted... art teacher...

An appropriate replica of the Thomas Alva Edison first incandescent lamp...is on exhibit at the Southern California Edison Company...The first lamp of this kind was made in 1879... The replica has a wooden standard ...and the globe is much like the electric lights we use today...in appearance, except that it has an additional peak on top...

Because we sometimes send telegrams to Pasadena under very trying circumstances...noise and more noise... we enjoyed reading about an incident which occurred in Indianapolis... where Mrs. Fabien Sevitzky, wife of the conductor of Indianapolis Smyphony Orchestra, received a puzzling wire from her husband in New York...The message said, "Don't forget to bring pints of rum."...At last she figured that her husband's Russian accent had confused a clerk in the telegraph office... and that the telegram should have referred to "Pines of Rome," a symphony...

Father Bernard Hubbard ... Arctic priest... was unable to keep his appointment at Pasadena Tuesday evening...but his co-worker, Ed Levin... did an excellent job of filling the famous explorer-priest's shoes...Marvelous colored pictures of Alaska ...life of Eskimos on King Island ...where 200 people live on the sides of a tiny mountainous island...thrilled the large audience. The birth of an iceberg... which rises from the bottom of the ocean...instead of breaking off...was a masterpiece... Then, the 2,000 mile trip in an Eskimo skin boat...from Nome to Point Barrow...with stops at all the Eskimo villages along the way... A walrus hunt...in color... an Alaskan blizzard...native Eskimo dances... which are neither religious nor superstitious...

Maybe the firemen had better take up tiddly winks and stay away from man-sized games... They didn't do so well Saturday afternoon at a Monrovia bowling alley. In fact, the foresters took them for the first regular tournament game...but the firemen have two more chances to show what they can do...Here's your chance, Jim Heasley...

Baseball Fans Will Honor Angels' Boss

Fans from all parts of Souther California will gather at Wrigley Field Sunday afternoon to honor Arnold "Jigger" Statz when his Los Angeles club battles the Portland Beavers in a double header baseball game.

Since he joined Los Angeles in 1920, with the exception of his two trips to the Chicago and Brooklyn clubs, Statz has been the stellar player for the Angels. His appointment as manager made a tremendous hit with baseball fans and hundreds of them asked that a "Welcome Statz" day be set aside so that they can show their appreciation for the marvelous playing of the veteran outfielder.

MRS. J. S. WEBER WILL LEAVE HOSPITAL SOON

Mrs. J. S. Weber, 140 East Alegria avenue, who underwent major surgery at the Cedars of Lebenon Hospital in Hollywood Monday, is resting comfortably, but will remain at the hospital for several days.

Famed Little Symphony Coming

Georges Barrere of the Platinum flute, the silver tongue, the flowing whiskers and the miniature orchestra brings his Little Symphony to the Pasadena Playhouse for the final Coleman Concert of the season on Sunday, April 7, at 8:30 p.m. The Barrere Little Symphony is composed of 13 men, each one a carefully chosen soloist, with Barrere as conductor and solo flutist Eleven different instruments are represented, the organization having all the qualities of a full symphony orchestra.

A. L. A. Activities

A party of 14 people journeyed to Sawtelle Hospital Sunday to attend the show put on by the 18th District in the auditorium for the veterans. Pupils from the Ivan Karloff School of the Danse accompanied by Miss Marjorie Bradley furnished 15 minutes of entertainment. Betty Stewart presented a beautiful toe number; Mary Lou Lovejoy a tap specialty and an acrobatic.

The Unit's two bed jackets were delivered and one will keep "Candy Smyth" warm when he is able to sit up.

Poppy posters from Sierra Madre will be entered in the 18th district judging at San Gabriel city hall April 19th at 2 p.m. Awards at San Gabriel city hall, Ramona avenue and Mission Drive. This will afford you the opportunity to view all the Poppy Posters—don't miss it.

Coked food sale held by our child welfare chairman in order to raise the special April donation to Department. Take your hot dish down to Dolly Hill Saturday morning at Brock's Market. Salads are very acceptable also. —*Helen Lovejoy.*

4-H CLUBS GOING ON EDUCATIONAL TOUR

Lorne Pratt will represent Sierra Madre on a San Gabriel valley 4H club conservation tour tomorrow, visiting the Metropolitan Water District settling basin at La Verne and the San Dimas experimental forest nursery near Glendora. The tour will start at 9 a.m. from the post office building in Glendora. Purpose of the tour is to familiarize the younger generation with the need for various conservation activities in order that they may realize the application of this work to agriculture.

HONEYMOONERS SEE SOUTHLAND'S LURE

A Sunday afternoon drive which took them through acres of fragrant orange groves in full bloom, and through rural stock raising districts where one may still see great herds of cattle, sheep and goats, grazing on the hillsides, reminiscent of the time when California was a stock raising country, was greatly enjoyed Sunday by Dr. and Mrs. C. T. L. Herbert and Mr. and Mrs. George P. Rikeman. Leaving Sierra Madre shortly before noon, the party drove to Riverside then circled back to the site of the Prado Dam, where they were particularly interested in the engineering developments. On the trip they were delighted with fields of wild flowers, acres of golden mustard, and tall red thistles, blooming along the highways.

FIRE FLAMES

By One of the Boys

It was a sad looking but determined group of city firemen that returned from Morovia Saturday afternoon after the three game bowling match with the forestry men. They offered no alibis and gave the hill men much credit for clean sportsmanship, although *they did say* that lady luck favored Pat Harlan's tossers on many occasions. Especially was luck with them when Pat made strike after strike when he fell headlong as his gum shoes stuck to the floor. "Cy" Cyster, too, had many breaks, despite the fact that he has form such as the Goddess of Liberty. When "Cy" approached the firing line, the girls in the audience were awed by his masterful control of the ball and his manly figure. Had it not been for Earl Marsh continuously knocking them all down with one ball, the score would undoubtedly have been in favor of the firemen.

Joe Morris, another of the hillbillys, has a professional motion when about to throw a ball. He will have to forget the nice form and knock down more pins, because the firemen are coming back the next time and run up a score. Vic', fourtth member of the forestry team, can be considered a very good bowler—for the class he is in.

As the time neared for the game last Saturday, it was with great difficulty that a firemen's team was finally gathered together. Some firemen were away and some working. The firemen's team was eventually made up of Joe Swanson, Bob Babbitt, Al Bray and the two Heasleys. Joe started like a house afire. Bob Babbitt couldn't keep them out of the gutter. Bray sent 'em up the gutter and the Heasleys acted as though they were afraid one would get a lower score than the other, evidently not wanting to hurt each others' feelings.

Henry J. (Jack) Mitchell
For City Councilman

Six Points in a Program of Progress
via
Economy
Qualifications

My Friends:

More than twenty years ago I came to your City and I was one of the leaders in the creation of your present Fire department; one of those who led in the establishment of the present City Park; the first charter member of Sierra Madre Post No. 297 of THE AMERICAN LEGION, and one of its original organizers. So on ad infinitum.

During the interim it has been not only my duty, but my pleasure and privilege to have served you throughout these twenty years, and to have been one who aided, through publicity measures, in the progress of our City and its future and welfare. I shall herein give you a brief synopsis of what I propose to accomplish in the event of my election as City Councilman.

Creation of a Civic Center

A library and other CIVIC UNITS are of vital importance to Sierra Madre. After careful investigation, and with the aid of competent legal counsel I have found that this can be done through state and national agencies without one cent of additional tax against the property owners of this City. Every city in San Gabriel Valley as well as those in the San Fernando Valley has this advantage. WHY NOT SIERRA MADRE?

Fire Protection

We have the best and most efficient volunteer fire department in the state of California. But it sadly needs additional equipment which should be supplied and which CAN BE SECURED THROUGH THE MEDIUM OF THE GAS SUR-TAX WITHOUT COST TO THE CITY. An ambulance is badly needed for the reason that we are in a "SEISMIC FAULT." Witness the catastrophe of 1933 which fortunately we escaped with but little "shaking." But think again if you will, of the great flood of 1924, and those which periodically followed to the imminent peril of our lives and our property . . . Think of the great hazard of our mountain fires—A sleeping enemy of which we must be constantly on the alert. I WOULD LIKE TO REMEDY THESE CONSTANT HAZARDS FOR I, TOO, AM A PROPERTY OWNER WITH A PAID INVESTMENT OF $10,000.00.

Police Department

This Department has a fine personnel, but it needs consideration so that it may give you a GREATER MARGIN OF PROTECTION THAN YOU NOW HAVE. It needs better equipment; it needs many things of which most of us are ignorant—I know because night after night I have gone with one lone officer in the patrol of our City. I AIM TO AID THIS PREMISE WITHOUT ONE CENT OF COST TO YOU OR TO ME.

Labor

THERE NEVER SHOULD HAVE BEEN, AND SHOULD NOT NOW BE, A PROBLEM OF UNEMPLOYMENT IN THE CITY OF SIERRA MADRE. Years ago as editor of the SIERRA MADRE CRUSADER, I pointed out to the then city administration how easily this problem could be solved. In a sentence it is this—LOCAL contractors have ALWAYS HIRED LOCAL LABOR. IF ANY CONTRACTOR BUILDS IN THIS CITY, WHY NOT MAKE AN ORDINANCE TO THE EFFECT THAT HE MUST GIVE PREFERENCE TO LOCAL LABOR BOTH SKILLED AND UNSKILLED BEFORE RECEIVING A PERMIT?—I have legal advice that constitutionally this is permissible. .....

Water Development and Conservation

My object would be to give my sincere cooperation to my colleagues in these two vital and most important problems.—"WHITE GOLD" is one of the assets we MUST NOT LOSE! I am reliably informed that a council of expert hydraulic engineers can be secured without one cent of cost to the city. THE PROTECTION OF OURSELVES MEANS THE PROTECTION OF THE METROPOLITAN AREA!

Our Canyon

I would seek to exploit ONE OF THE MOST BEAUTIFUL ADJUNCTS OF SIERRA MADRE. So far, through the efforts of civic minded persons, our BEAUTIFUL WISTARIA VINE HAS BEEN THE ONLY ONE OF OUR MANY SPLENDORS WHICH HAS REACHED THE OUTSIDE WORLD. I would strive to appoint four or five representatives in THE CANYON who would command the councillor body, (after careful investigation) just what they needed to make THE CANYON better, more sanitary, and more beautiful, and I would cooperate in the consummation of this aim.

Economy --- The Greatest Item of All!

In recapitulation, you will see by the above that A MORE BEAUTIFUL CITY MEANS BETTER REAL ESTATE VALUES. This is pound-wise and not penny foolish; better fire and police protection means that the insurance underwriters will be glad to lower our insurance rates—better labor conditions, water conservation and development means that we shall have safety and security, and that our City will be a more desirable place for the HOME INVESTOR in which to live, for our local prosperity,and therefore ourselves.

PROGRESS CAN BE NO LONGER EVADED . . . IT MUST BE EMBRACED if we are to leave our posterity A BETTER, A GREATER AND A MORE BEAUTIFUL CITY.

Your Ballot Will Read

America to enhance California gardens.The director of botanical garens an proffessor of botany at University of California will appear Monday night, April 8, at Pasadena Civic Auditorium under sponsorship of Pasadena Flower Show Assocation and the Sierra Madre Garden Club, with C Jacques Hahn of Sierra Madre serving as committee chairman.

Dr. Goodspeed has made the statement that the western coast of South America is a treasure house for Pacific Coast gardens and these plants are vividly pictured in stills and 2400 feet of film. Though his main job on his recent 10 months expedition was to continue research on Nicotiana and collect Nicotiana species, the commission he will tell about to be of greatest interest to the amateur gardeners was the commission by California Garden Clubs, Inc., to gather these new ornamentals for gardens of the state.

Sierra Madre Garden Club is among spnsors of Dr. Goodspeed's appearance, and Mrs. Herbert Hoover, Jr., also of this city, is on the committee assisting Mr. Hahn.

Newlyweds Thrilled On Visit To The Nation's Capital

Congressman Carl Hinshaw made the stop of a pair of Sierra Madre newlyweds in the nation's capital both interesting and instructive on their recent honeymoon trip. Returning west from New York and Philadelphia, Mr. and Mrs. Earl C. Gullixson enjoyed a visit with the Congressman and his secretary, Mrs. Edith Woodruff of this city—as a result of which they were taken through various government departments, saw the Senate and House of Representatives in session, visited the F.B.I. headquarters and the United States Supreme Court where Mrs. Gullixson (the former Doris Goshorn) was particularly impressed by Chief Justice Charles Evans Hughes.

Another pleasant experience they enjoyed while in Washington was a luncheon in the Congressional dining room as guests of Mrs. Woodruff. They also visited Mt. Vernon, Arlington Cemetery and other points of historical significance around Washington.

Before going to the National Capitol Mr. and Mrs. Gullixson stopped in Cleveland, where Mr. Gullixson attended a three day business conference, then went on to New York City for a visit with friends, and a tour of that city's many interesting buildings, parks and night spots. From New York they went to Philadelphia and Pittsburgh where they were delightfully entertained by many old friends and relatives of Mrs. Gullixson's family.

Wildflowers Along Ridge Route Not Yet At Their Best

While the usual bright display of poppies, lupin and tidy tips are drawing many flower lovers to Lebec on the Ridge Route, other types which yearly make the fields in that neighborhood, a symphony of exquisite beauty are not as yet in bloom according to Miss Daisy Hawks, who on Tuesday made the trip with a group of Sierra Madre friends. The party drove through Bouquet Canyon and circled over to Lebec, returning via the Ridge. Miss Jean Grantham drove and those in the party were Miss Marian Vannier, Miss Calvina MacDonald, Mrs. Charlotte Jones and Miss Hawks.

Spring In The East Disappointing To Sierra Madrean

Craig McLaughlin, prominent Sierra Madre Boy Scoutmaster and son of Mrs. J. H. Robertson, who left here some time ago to spend a few months at the home office of one of the larger insurance companies in Hartford, Conn., is finding eastern spring weather rather surprising. Mr. McLaughlin arrived in Washington, D.C., for Easter, but found the weather so bitterly cold that he went directly to Hartford, instead of making stopovers in eastern cities as he had planned. On his first day in Hartford the snow fell steadily for five hours, a unique experience for a Californian. Just now Mr. McLaughlin is finding letters from home town friends pleasant addition to days which are spent mostly with study.

Mrs. Barlow To Show Her Colored Films Of Golden Gate Fair

Colored motion pictures of the San Francisco Exposition, as well as other travel pictures will be shown by Mrs. W. Jarvis Barlow at a benefit dessert bridge to be given at 7:30 Wednesday evening, April 10, by the Woman's Guild of the Church of the Ascension at the Parish House. Proceeds will go into the Guild fund to carry on its many philanthropic activities in the community.

WESTERN POETS CONGRESS MEETS IN L. A. TOMORROW

Peace will be the dominant note at the Fifth Western Poets Congress to be held tomorrow at Channing Hall of the First Unitarian church, 2936 West Eighth street, Los Angeles, Ralph Cheyney, president of the congress, announced.

A poetry tournament in which all who attend may compete for cash and other prizes by reading original poems, not taking longer than one minute each, will be a major feature of this reputedly unique public event, which this year meets for the first time in Los Angeles. A poetry clinic and performances by two verse choirs, directed by Regia Kahl and Sally Taft Teschke, with recitals by Lucia Trent and Herman Hagedorn, the former to harp music played by the composer, Yvonne Black, will also highlight the afternoon.

Child poets will have their turn in a tournament in the morning conducted by Nina Willis Walter, Editor of "Nuggets." It will be followed by an address by Agnes E. Peterson, principal of the John Muir Junior High school of Los Angeles, and a conference of creative writing teachers.

Rev. Allan A. Hunter, Fay Allen, of the Los Angeles Board of Education, and Wolfe Kaufman, scenarist and novelist of the Hollywood Peace Council will address a Poets' Peace Service at 12:30. In the evening delegates are urged to attend a mass meeting at the Olympic Auditorium.

Riding Academy In New Hands Is Being Remodeled

Sierra Madre's large populace interested in riding will be interested to know that the Santa Anita Stables, located at 27½ West Huntington Drive, is now managed by J. B. Roberts. The barn has been entirely renovated, riding classes are being organized and Mr. Roberts invites Sierra Madreans to stop in and get acquainted. The stables were formerly managed by W. J. Osterhout, of this city.

MAN'S SHOUT SAVES LIFE OF A BOY

A man's shout saved a three-year old Pasadena boy from probable death Tuesday afternoon. Jerry Cline of 3247 Milton street went into the street to pick up a small hammer and got in the way of a car driven by a Sierra Madrean, Henry C. Kalbfleisch, 500 Michillind blvd. Kalbfleisch was backing out of the driveway at 3237 Milton street, when Kenneth R. Knapp saw the small boy and yelled at the driver who stopped immediately and then moved forward.

Experience Counts!

● During the eight years of service in a position to which you were good enough to elect me, I have been able to coordinate the activities and materially reduce the cost of operating the city clerk's department, at the same time greatly increasing its efficiency and service to the public.

● It has been my aim during these eight years to simplify the business of our citizens with their local government, and to see that these neighborly relations were carried on with the greatest possible courtesy and consideration of the people. With the experience already gained I hope and very sincerely believe that I can render even greater service.

● It is because of this that I have submitted my name as a candidate for re-election at the polls next Tuesday, and I earnestly solicit your very valued influence and your vote.

Respectfully yours,

Waverly E. Pratt

Sierra Madreans Inspect And Are Entertained At Angeles Crest CCC Camp

Open house at Angeles Crest CCC camp Wednesday evening was a highly successful event, with approximately 25 members of the Sierra Madre American Legion Post 297 and their wives as guests, in addition to many townspeople who visited the camp and enjoyed the special program put on by CCC enrollees, under the supervision of Al Brian, radio production teacher at the camp. Entertainment included several skits, a talk by Noel G. Thompson, forestry clerk at Angeles Crest camp, who gave visitors an idea of how a CCC camp is run; and several cowboy songs by an enrollee.

Emmit Lind, a popular character actor of Hollywood, gave several interpretations, including an original characterization, "The Old Soldier."

First vice-commander of the Legion, Jack Mitchell, expressed the post's appreciation of the splendid program, and representing the city councilmen, Paul Carter gave a short talk of appreciation on behalf of a hill city for the cooperation of Angeles Crest Camp and its work in building fire trails, etc.

A. M. Udell, forest supervisor of the camp, welcomed the visitors and expressed his delight in seeing so many Sierra Madreans present. This seventh annual open house week is being observed in all CCC camps in the United States, and Sierra Madreans are cordially invited to visit Angeles Crest today and tomorrow.

HIGH LIGHTS SALUTE WISTARIA FETE

Second issue of "High Lights" in an ivory and lavender cover in keeping with the Wistaria month is dedicated to Mrs. W. J. Lawless. This attractive bulletin, which made its first appearance last month, contains sketches by Alfred J. Dewey and a woodblock fontispiece of the city hall by Bernard Wynne. John Russell McCarthy, Fletcher Flynn, Bill Burke, Elizabeth L. Schermerhorn, Noureddin Addis, Bernard Wynne, Leslie B. Wynne, Mr. Dewey and Mary Ward are contributors to the April issue.

GARDEN ENTHUSIASTS BUY HOME ON THE BOULEVARD

Among Sierra Madre's most recent newcomers are Mr. and Mrs. L. C. Ramsaur, who have purchased the home property of Miss Elizabeth Ferris at 585 West Sierra Madre blvd. The Ramsaurs are native Angelenos, and with the exception of a short residence in Ojai, have lived in Los Angeles all their lives. "When we finally decided to buy a suburban home," said Mrs. Ramsaur, "we made trips to various neighboring communities but always seemed to find our way to Sierra Madre before we returned home. Eventually we were so attracted by the seclusion and beauty of the village that we decided to make it our home."

Mr. Ramsuar is a deputy United States Marshall, with headquarters in the Federal building. His life-long hobby has been ranching, and he will be active in horticultural work on their new estate. Mrs. Ramsaur is also a garden enthusiast, but as she was for many years a professional pianist, her special hobby is still music. Both Mr. and Mrs. Ramsaur are looking forward to many pleasant activities in Sierra Madre, and with local organizations, as they hope to become a part of the community. They have two daughters, Mrs. James D. McCormick of Oxnard, and Miss Claire Ramsaur, who is a nurse in the state public health department, and is a graduate of the Cottage Hospital at Santa Barbara and the University of California.

Round The Town

Bruce Smith, son of Mr. and Mrs. J. O. Smith, 609 West Sierra Madre blvd., who underwent an appendectomy at St. Lukes Hospital last Friday, is recuperating satisfactorily and expects to return home during this weekend.

Miss Hazel James Ferguson returned early this week from Long Beach where she spent a few days.

Miss Eleanor Phillips of 200 Olivera Place, and Miss Barbara Hollingsworth spent the weekend at San Diego, and on Sunday attended the races at Agua Caliente. Tomorrow Miss Phillips will attend George White's Scandals with Miss Genelle Paschall.

Rev. A. O. Pritchard, pastor of the Congregational church, will spend the weekend with his son in Berkeley.

A party of 40 from Pilgrim Place, Claremont, a home for retired missionaries, spent Thursday visiting in Sierra Madre. They had lunch at the Congregational church, visited the Passionist Fathers monastery and admired the fragrant blooms at the Wistaria Fete.

Mr. and Mrs. L. S. Godolphin, West Montecito avenue, entertained at dinner on Easter Sunday, Mr. and Mrs. O. W. Wilderman of West Los Angeles. In the afternoon they took their guests to see the azalea festival at Coolidge Gardens and then enjoyed tea at the Wistaria Fete.

Donald Blanke, one of Sierra Madre's census takers, appeared on a recent Saturday evening quiz program over KHJ in Los Angeles, and came out winner.

Mr. and Mrs. Emmett Black, Miss Cynthia Hull, and Walter Reed of the Congregational church choir were guest singers for the Easter Sunrise Service at the Huntington Hotel, later being guests at the Easter breakfast at the Huntington.

Mrs. William J. Colligan and Mrs. Fred Griebenow attended a meeting of the art section of the Pasadena College Woman's Club this week at the Catalina street branch of the Pasadena public library.

Mr. and Mrs. J. H. Decker of West Hollywood, are among new arrivals in town and have established their home at 57 West Mira Monte avenue. Mr. Decker is the brother of Stanley E. Decker of the Wistaria Bakery.

Sierra Madre was represtend at the All Year Club of Southern California meeting at the Hotel Clark in Los Angeles Monday evening by William Burr, president of the Kiwanis club, and Harry Lange, president of the Chamber of Commerce.

Mrs. Minnie R. MacDowell and Dr. Edythe M. Dutcher have moved to apartment 14 at 15 East Mira Monte avenue.

Mrs. Waverly E. Pratt has been engaged by the Business and Professional Woman's Club in Los Angeles to present a Madame Butterfly program at the club Tuesday evening.

and writer for the Monrovia News-Post; Marjorie Hesse, of the News-Tribune; Blythe Foote, Pasadena Star-News feature writer, and numerous other well known metropolitan and county publishers and writers. Former Governor Frank Merriam was in his usual fine form and generously added to the gayety of the occasion.

Tonight many of the same names, and still additional ones, will be entered on the Fete guest book as members of the San Gabriel Valley Unit of the California Newspaper Publishers Association will meet in the Wistaria Vine salon.

Sunday's Coronation festivities, arranged by Mrs. Maria Wilkes, will include the blessing of the big Vine. The Junior Women's eight little girls are to form Miss Hurst's Court of Honor, while Ernie Patterson will act as Crown Bearer. A Wistaria dance fantasy especially created by Renee, Parisian dancer, will also feature Janine Salle.

As far as the Wistaria Vine itself goes—the heavy blossoming over the entire acre spread of the extraordinary plant seems good for the entire month of April at least, with numerous new buds still in their sheaths despite the fact that full lavender flowers crowd at every gap in the sprawling tendrils. Continually increasing numbers of tourists and perennial visitors testify that the spectacle is unprecedented the country over—or even in comparison with past Fetes. A gay background is furnished by the city itself, now brilliant in greens and pinks and red and blues of springtime foliage and blossoms.

MRS. CAIN OPENS HOME AS A GUEST HOUSE

Mrs. A. D. Cain has opened her spacious home on Alegria avenue as a guest home for residents who wish to be near the moutains and enjoy games, as well as quiet iving in attractive surroundings. As a musician Mrs. Cain is well known throughout California and as her home has long been a center for cultural gatherings.
